ABOUT

HOW TO GET THE MOST OUT OF ASSESSMYMATH TESTS AND REPORTS

THE AIM OF ASSESSMYMATH IS TO HELP PARENTS AND TEACHERS CLEARLY IDENTIFY AND TRACK EACH CHILD'S UNIQUE STRENGTHS AND WEAKNESSES IN MATHEMATICS TO MAXIMIZE THEIR SUCCESS.

ASSESSMYMATH HAS TESTS LINKED TO THE FOLLOWING COUNTRIES: USA, UK, INDIA, PAKISTAN, PHILIPPINES, MALAYSIA, SOUTH AFRICA, SRI LANKA, AUSTRALIA, IRELAND, SINGAPORE AND HONG KONG.

EACH ONLINE TEST COVERS ALL OF THE CURRICULUM/SYLLABUS CONTENT FOR ONE YEAR LEVEL FOR A CHOSEN COUNTRY.

THERE ARE TWO TESTS PER YEAR LEVEL: TEST A AND TEST B. EACH TEST HAS 50 MULTIPLE-CHOICE QUESTIONS.

WE RECOMMEND TAKING TEST A AT THE BEGINNING OF THE YEAR AND TEST B BETWEEN 6-12 MONTHS LATER.

THE REPORTS AT THE END OF THE TEST CLEARLY SHOW WHAT A CHILD CAN AND CANNOT DO IN MATHEMATICS FOR ONE YEAR LEVEL.

THE REPORTS ALSO HIGHLIGHT A CHILD'S STRENGTHS AND WEAKNESSES IN MATHEMATICS AND SHOW THE LENGTH OF TIME SPENT ON EACH QUESTION.

IF A CHILD IS GIFTED AND TALENTED, THEY MAY NEED TO TAKE TESTS ABOVE THEIR YEAR LEVEL TO IDENTIFY ALL OF THEIR STRENGTHS AND WEAKNESSES.

IF A CHILD HAS DIFFICULTY IN MATHEMATICS, THEY MAY NEED TO TAKE TESTS BELOW THEIR YEAR LEVEL TO IDENTIFY ALL OF THEIR STRENGTHS AND WEAKNESSES.

REPORTS CAN BE SHARED WITH YOUR CHILD'S TEACHER AND/OR TUTOR SO THEY CAN DESIGN AN INDIVIDUAL LEARNING PROGRAM TO HELP YOUR CHILD SUCCEED IN MATHEMATICS.

CLICK HERE TO VIEW A SAMPLE OF THE TWO REPORTS GIVEN AT THE END OF A TEST.
